

MODULE B(3 POINTS)
MESSAGE IN A BOTTLE

1)Why did Paul Harkin start the project?

Answer :Because he decided to teach the geography subject in a more interesting way.

2)The students asked the people who find the bottles to write –

i)the date they found the bottle.

v)the place where they found the bottle

3)Why did the students have to throw the bottles into a deep part of the ocean?

Answer:In deep water the currents are strong enough to carry the bottles long distances.

4)What do we learn in lines 12-17?

ii)How long it took to get answers to the messages.

5)The students "wait impatiently for answers from Europe ".How do they know that the letters could come from Europe?

i)They learnt that the currents could carry the bottles to Europe.

6) Paul Harkin is happy when his students say that-

iii)people wrote back to them.

7)How do students feel about the project?

1)They enjoy studying geography in this exciting way.

2)They love to discover how far the currents carry the bottles.//They always wait impatiently for answers from Europe.
